NEW VISION SCHOOL

GRADE 2 • WEEKLY NEWSLETTER

WEEK: 10

THIS WEEK AT NVS

WEEKLY LEARNING HIGHLIGHTS

ENGLISH

Students learned about order words and how to use them to make instructions clear, organized and easy to follow. They practiced arranging steps in the correct sequence.

MATHEMATICS

Students learned about subtraction and money. They practiced solving subtraction problems and identifying the value of different coins and notes through practical activities.

SCIENCE

Students learned about different methods of separating materials from rocks and understood how materials can be separated based on their properties.

ARABIC

Students learned about Ta'aawun An-Naml (Cooperation of the Ants), understanding the importance of teamwork, helping one another and working together.
