Week 10 Newsletter

Grade 11 students continued to demonstrate enthusiasm and active participation throughout the week. Through debates, economics activities, and collaborative learning, students developed their critical thinking, confidence, and ability to apply their knowledge in real-world situations.

G11 English Debate Showcase

Grade 11 students actively participated in an engaging debate showcase, presenting well-structured arguments, challenging opposing viewpoints, and demonstrating critical thinking, confidence, and effective communication skills. The activity provided a valuable platform for students to express their perspectives, develop rebuttal skills, and engage in meaningful discussions.

Young Economics In Action

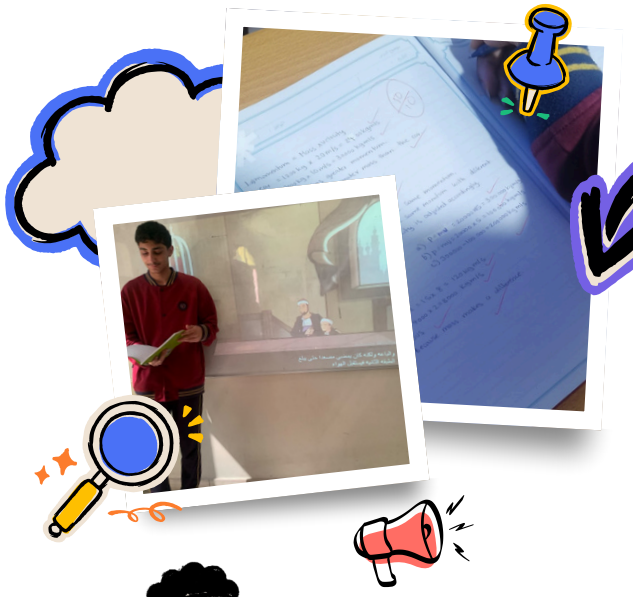
Grade 11 Economics students actively participated in an engaging activity titled "Create Your Own Business Idea." Students demonstrated creativity and economic thinking by developing innovative business ideas and plans. They explored key economic concepts such as scarcity, opportunity cost, factors of production, resource allocation, demand, and pricing decisions. This interactive activity encouraged critical thinking, problem-solving, and decision-making skills while helping students connect economic theories with real-world business situations.

Week 10 Newsletter

This week, Grade 11 students took part in a variety of engaging academic activities, showcasing their knowledge, creativity, and communication skills. From classroom assessments to Arabic literature and physics, students continued to learn, participate, and excel across different subjects.

Physics Quick Test

Students in the G11 physics class demonstrated a solid grasp of key concepts in a brief assessment. The test showcased the effective instruction and engagement in the class.



Analyzing the Sermons of Imam Ali

Grade 11 students explored the sermons of Imam Ali ibn Abi Talib, developing their skills in Arabic literary analysis and rhetoric. Students examined language, rhetorical devices, historical context, and key themes while strengthening their critical thinking and presentation skills.
