GRADE: 1
WEEK: 10

THIS WEEK AT NVS

English: We used picture clues to help learn new words, explored rhythm.

Mathematics: 2D shapes

Science: Grade 1 students learned how a force can change the direction of a moving object. Through practical demonstrations and activities, they explored how pushing an object can make it turn left, right or move in a different direction. Students observed and compared how different amounts of force affect the movement of objects.

Arabic: The letter Haa (ح) was studied, and students learned how to construct a sentence
