★ THIS WEEK AT NVS ★

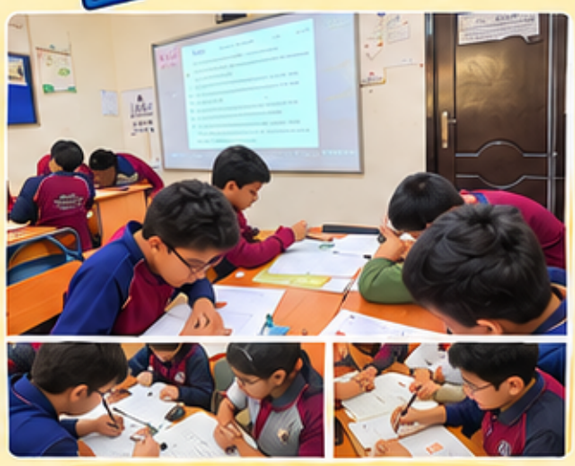

ENGLISH

Exploring the Wonders of Literature!

Our Grade 6 students enjoyed an exciting week of English learning as they explored the fascinating world of iiterature! Through engaging reading activities, they analyzed story plots, identified sequences of events, and discovered how stories unfold. Their enthusiasm, curiosity, and growing reading comprehension skills made the learning experience truly rewarding!

MATHEMATICS

Mental Math Challenge – The Preliminary Round!

Numbers flew and minds raced as our Grade 6 students took on the exciting Mental Math Preliminary Round! With sharp thinking, quick calculations, and determination, students showcased their mathematical skills while enjoying a thrilling challenge of speed and accuracy.

SCIENCE

Exploring the Fascinating Science of Particles Through Role-Play!

Our Grade 6 students transformed scientific concepts into an exciting role-play activity as they demonstrated their understanding of particle theory! Through creative performances, they acted out particle arrangements, movements, and attractive forces in different states of matter. This interactive learning experience strengthened their scientific understanding while developing creativity, confidence, and teamwork!

ARABIC عربي

Learning Through Discovery!

Grade 6 students became young language detectives as they used magnifying glasses to explore jussive present-tense verbs in an exciting hands-on activity! Through observation and teamwork, they discovered the differences between regular and weak-ending verbs. Students identified the signs of the jussive mood and explored how the final weak letter is omitted. This creative activity transformed grammar learning into an exciting journey of discovery!
