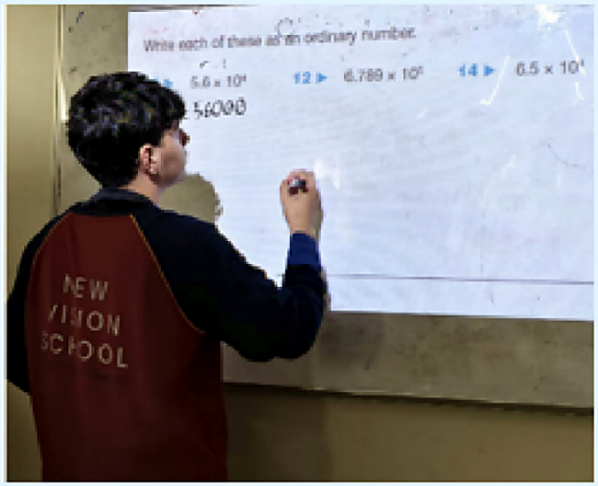
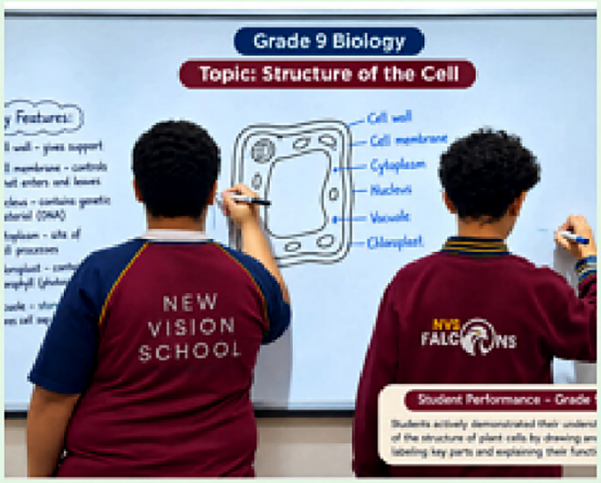
A WEEK OF CURIOSITY & CONFIDENCE

From exploring standard form and cell structures to leading peer lessons, Grade 9 learners brought creativity, teamwork and independent thinking into the classroom.



MATHEMATICS | Standard Form

Exploring very large and very small numbers using positive and negative indices.



BIOLOGY | Structure of the Cell

Students identified and labelled plant-cell structures and explained their functions.

ENGLISH | Little Teachers

Students taught classmates, building communication, confidence and leadership skills.

Approved by: Dr. Mahmoud Ezzat - Principal | Supervised by: Ms. Mariam Gulraiz - Vice Principal
Prepared by: Reema Mulhana - 9C | Facilitated by: Ms. Soumya S - Commerce Teacher

CREATIVITY / ENTERPRISE

YOUNG ENTREPRENEURS

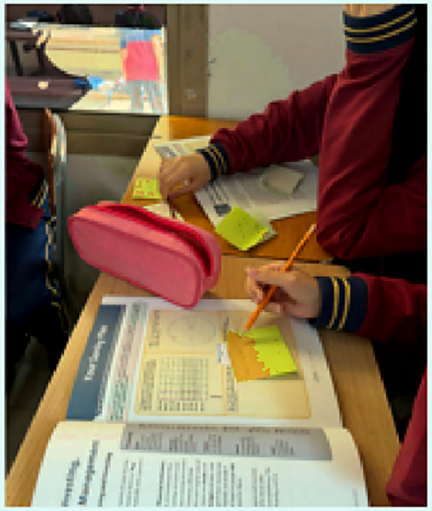
Big ideas start small!

Students developed original business ideas, selected memorable business names, identified target customers and designed promotional posters for their products or services.

IDEA → CUSTOMER → PROMOTION

INJAZ FINANCE PARK • PART 2

On 9 November, Ms. Maryam Muneer and Mr. Ali Salahuddin guided Grade 9 students through budgeting, saving, spending and practical financial planning.



Skills in focus: creativity • teamwork • decision-making • responsible money management
