GRADE 8

WEEK 8

THIS WEEK AT NVS

Mathematics: Students began their Mathematics project with great enthusiasm and creativity. Their active participation highlighted their teamwork, cooperation, and creative skills as they worked together to bring their mathematical ideas to life.

Science: Students explored conduction, convection, and radiation through interactive activities, observing how heat transfers from warmer objects to cooler ones.

English: Students used sticky notes to arrange steps in order. This helped them understand how to tell a story, think logically, and communicate clearly. They then acted out the steps in a role-play, working together and using proper dialogue and expressions.

Arabic: Students took part in the “Reading Leaders” activity, where they read aloud and strengthened their reading fluency and confidence. Their participation helped them develop a greater love of reading.

STAR OF THE WEEK

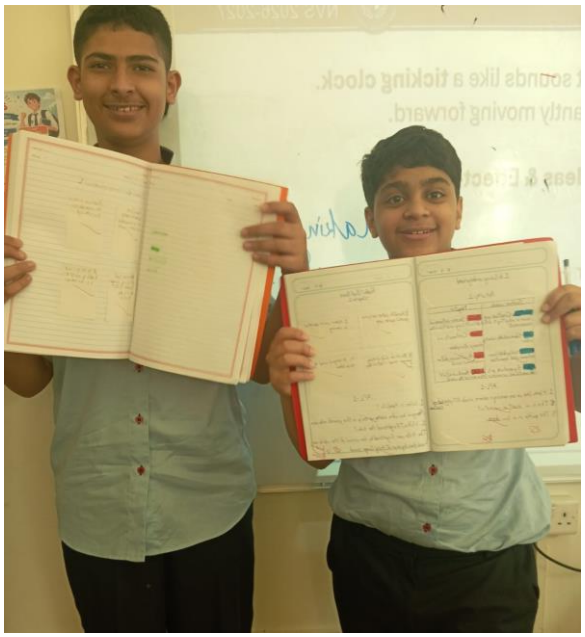

English	• Ruqaia Sayed 8A • Zain Ayman 8C
Mathematics	• Ali Ahmed 8C • Zainab Zakareya 8C
Science	• Maryam Ali 8B • Jawaher Mohamed 8C
Arabic	• Hassan Mohamed 8A • Mariya Ali Sabah 8A

STUDENT ACHIEVEMENTS:

Students brought their mathematical ideas to life through enthusiastic teamwork and creativity.

UPCOMING EVENTS & IMPORTANT DATES

Students used sticky notes to sequence steps, then acted out the activity in a role-play with teamwork and proper communication.
