NEW VISION SCHOOL

GRADE 2 • WEEKLY NEWSLETTER

WEEK: 11

THIS WEEK AT NVS

WEEKLY LEARNING HIGHLIGHTS

ENGLISH

Students learned to connect sentences using appropriate connectives such as *and, but, because, so,* and *then* with the help of pictures. They practised joining two simple sentences to make one meaningful sentence and used connectives to show different relationships between ideas.

MATHEMATICS

This week, students learned to measure and compare lengths using metres (m) and centimetres (cm). They practised choosing the appropriate unit and measuring objects accurately.

SCIENCE

Students learned about shadows, how they are formed when an object blocks light, and why shadows appear when light cannot pass through an object.

ARABIC

Students learned about Ta'aawun An-Naml (Cooperation of the Ants), understanding the importance of teamwork, helping one another and working together.

STAR OF THE WEEK

English

2A: Sara Adel Hameed Mandeel

2B: Raghad Mohamed

2C: Amir Aesa

Mathematics

2A: Ahmed Hasan Ahmed

2B: Maryam Shoaib Hayat

2C: Nada Maitham

Science

2A: Noura Mohamed

2B: Mariam Ebrahim

2C: Alhamza Jaafar

Arabic

2A:Fawzeya

2B:Nazar

2C: Ahmed Arafat

OUR LEARNING IN ACTION

Capture the fun, teamwork and learning happening in our classrooms!
