GRADE 6
WEEK 9

THIS WEEK AT NVS

ENGLISH

Grade 6 students engaged in a lively and thought-provoking discussion, confidently exploring the differences between formal and informal language. Students showcased their ability to switch language styles with confidence and clarity! Through interactive discussions and real-life examples, they strengthened their understanding of choosing appropriate words and expressions for different situations and audiences. This engaging activity enhanced their communication skills, critical thinking, and confidence in expressing ideas effectively, both in formal and everyday conversations.

MATHEMATICS

Grade 6 students enjoyed an engaging hands-on Math activity as they physically arranged number cards in the correct order, exploring positive and negative numbers through teamwork and active participation. This interactive activity strengthened their ability to identify, compare, and order integers, while developing their number sense, logical thinking, and problem-solving skills in a fun and meaningful way! Students also practiced recognizing the position of positive and negative numbers in relation to zero, building their confidence in working with integers.

SCIENCE

Grade 6 students explored the fascinating journey of water through an exciting and interactive role-play activity! Taking on different roles, students creatively demonstrated the processes of evaporation, condensation, precipitation, and collection, showing their understanding of the continuous movement of water in nature. This engaging activity strengthened their scientific knowledge, communication skills, teamwork, and creativity while helping them understand the importance of the water cycle in maintaining life on Earth.

ARABIC

Grade 6 students present their Arabic Language Project, titled Future Writers Magazine. This project aims to develop students' writing, creativity, research, and Arabic language expression skills. The magazine features a variety of topics prepared by the students. Here are some samples of their work, showcasing their talents, creativity, and unique ideas.
