Ms. Ghufran

Grade 7 stars: Creating, Collaborating & Presenting!🌟

Our Grade 7 students did an amazing job working on their projects in class!
They demonstrated great effort, creativity, and teamwork throughout the process.
Well done on delivering such wonderful presentations! We are so proud of you!

Math Symposium: Math Around Us

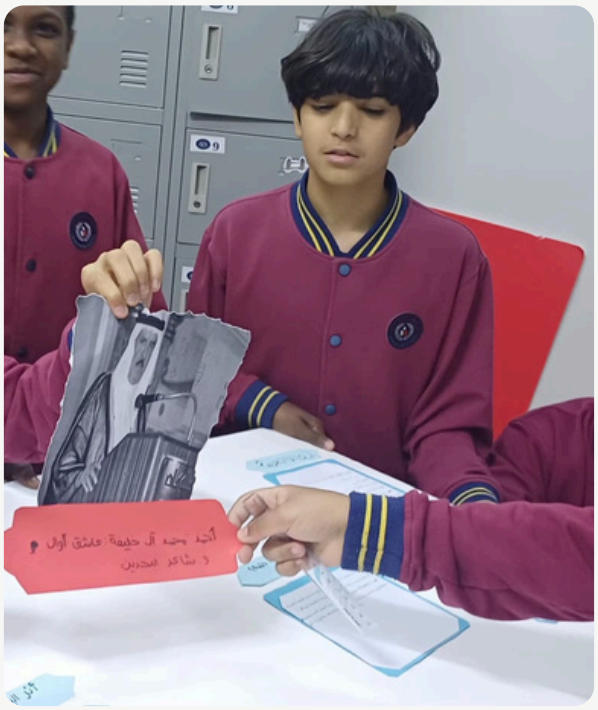
NVS School successfully organised a Mathematics Symposium on the theme “Math Around Us” .Students showcased how mathematics connects to everyday life through creative presentations, practical applications and innovative ideas. The event encouraged critical thinking, creativity and problem-solving while highlighting the importance of mathematics beyond the classroom.

—Ms. Raji

Exploring Distance through Time Graphs

Grade 7 students explored distance–time graphs by solving problems, interpreting graphical data, and analysing the relationship between distance and time. They applied their understanding to calculate speed and describe different types of motion, strengthening their analytical and problem-solving skills through practical applications.

—Ms. Juny



مشاريع مبدعة في رحاب اللغة العربية

أبدع طلابنا هذا الأسبوع في مشاريع اللغة العربية! 🌟
عملوا بحماس وإبداع خلال تنفيذ مشاريعهم داخل الصف.
وقدّموا أعمالهم بكل ثقة وتميّز، معبّرين عن مهاراتهم وما تعلّموه.
أحسنتم يا أبطال، فخورون بإنجازاتكم! 👏

Our students had a wonderful week of Arabic projects! 🌟
They worked creatively and enthusiastically in class.
They proudly presented their projects, showcasing their learning and skills.
Well done to all our young learners! 👏

—Ms. Hanaa

Stars of the Week:

English: Husain Ahmed Abdul Jalil - 7B
Arabic: Waard Hashem - 7C
Science: Rashed Mohammed- 7A
Math: Deyala Mohammed - 7A
