## INJAZ Bahrain - Yalla Learn & Earn Stage 2 Campaign

Our students from grade 7 represented our school at the INJAZ Bahrain for the Yalla Learn & Earn Stage 2 campaign with an innovative idea to improve the NBB Yalla app . 🎉👏🏻 Their idea to target young savers through an interactive and fun platform was well received by the judges.

## Mental Math Quiz Competition

The Mathematics Department organised a Mental Math Quiz Competition for Grade 7 to develop speed, accuracy, and logical thinking.
Students participated enthusiastically, showcasing their skills and love for mathematics in a spirit of healthy competition.

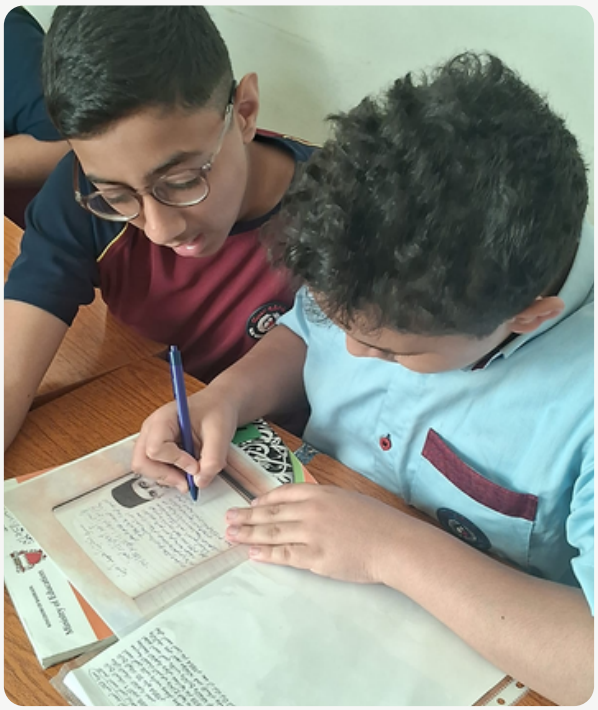

—Ms. Raji

## chromatography experiment

Grade 7 students explored and investigated the process of paper chromatography through a hands-on laboratory experiment. They observed how different coloured dyes in ink separate as the solvent moves through the paper, developing their practical skills and scientific inquiry.

—Ms. Juny

## Souq Okaz Project

Grade 7/1 students carried out an Arabic language project titled "Souq Okaz," inspired by a lesson about the writer Ahmed Amin. The students creatively recreated the atmosphere of Souq Okaz through interactive learning activities that brought together Arabic literature, language, and culture. The following are samples of their work, showcasing their creativity and efforts under the guidance of their Arabic teacher.

نفّذ طلاب الصف السابع/1 مشروعًا في مادة اللغة العربية بعنوان «سوق عكاظ»، مستلهمًا من درس الكاتب أحمد أمين. وقد أبدع الطلاب في تجسيد أجواء سوق عكاظ من خلال أنشطة تعليمية تفاعلية جمعت بين الأدب واللغة والثقافة العربية. وفيما يلي نماذج من أعمال الطلاب التي تعكس إبداعهم وجهودهم في المشروع بإشراف معلمة اللغة العربية.
