Pink with purpose

THURSDAY'S PINK DAY

Our Thursday turned pink! **Layan, Dana Nabeel and Dalal Nabeel from 10A** teamed up on a Pink Day poster supporting breast cancer awareness. Pink pens, shared ideas and a message with heart!

A little colour.
A lot of care.

PINK DAY MOMENTS

Together in pink

A splash of pink brought our classroom together. The poster was a lovely reminder that creativity can carry a caring message.

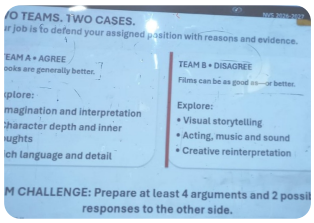
Our classroom catch-up

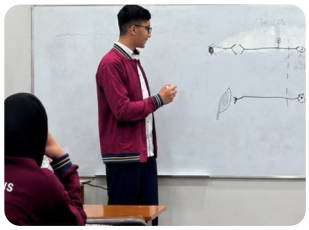
ENGLISH / PROJECT PRACTICE

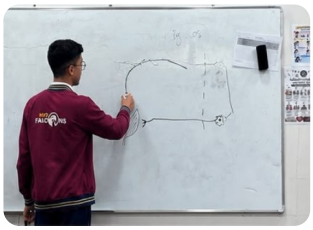
Books or films?

For our first-term project, we practised debating books versus films. We built arguments, used evidence and responded to the other team. Different opinions, stronger speaking skills!



BIOLOGY / STUDENT LEADERSHIP





Young teacher, big ideas

One of our classmates took over the board to explain reflex action, using diagrams and everyday examples. Peer teaching in action!

ACCOUNTING / CONCEPTS IN ACTION

The thinking behind the numbers

Our Accounting group revisited six concepts from Grade 9 and applied them to business situations. From separating personal and business spending to recording income and expenses in the correct period, we practised explaining the reasons behind the figures.

Business entity	**Materiality**	**Consistency**
Accruals	**Money measurement**	**Prudence**
