ARABIC

Grade 12 Academic Competitions & Top Student Identification

Grade 12 students engaged in interactive competitions and projects—like peer teaching and Souq Okadh—to promote excellence and identify top talent. Showcasing strong knowledge, creativity, and teamwork, these contests successfully fostered peer learning while celebrating high-performing students.

ENGLISH

Grade 12 academic competitions and interactive activities encouraged academic excellence through presentations, peer teaching, literary analysis, and creative projects. Students showcased their knowledge, confidence, creativity, and teamwork while recognizing top-performing students.

SCIENCE

"Hands-on Exploration: Applying Theoretical Concepts to Real-World Experiments"
In this project, students will design, conduct, and analyze experiments to demonstrate key science concepts, fostering a deeper understanding of the subject through hands-on learning.

ACCOUNTING

Ahmed Zuhair (12A) took on the role of student teacher, explaining capital and revenue expenditure in Accounting to Grade 11 students. He demonstrated leadership while strengthening his own understanding through peer teaching.

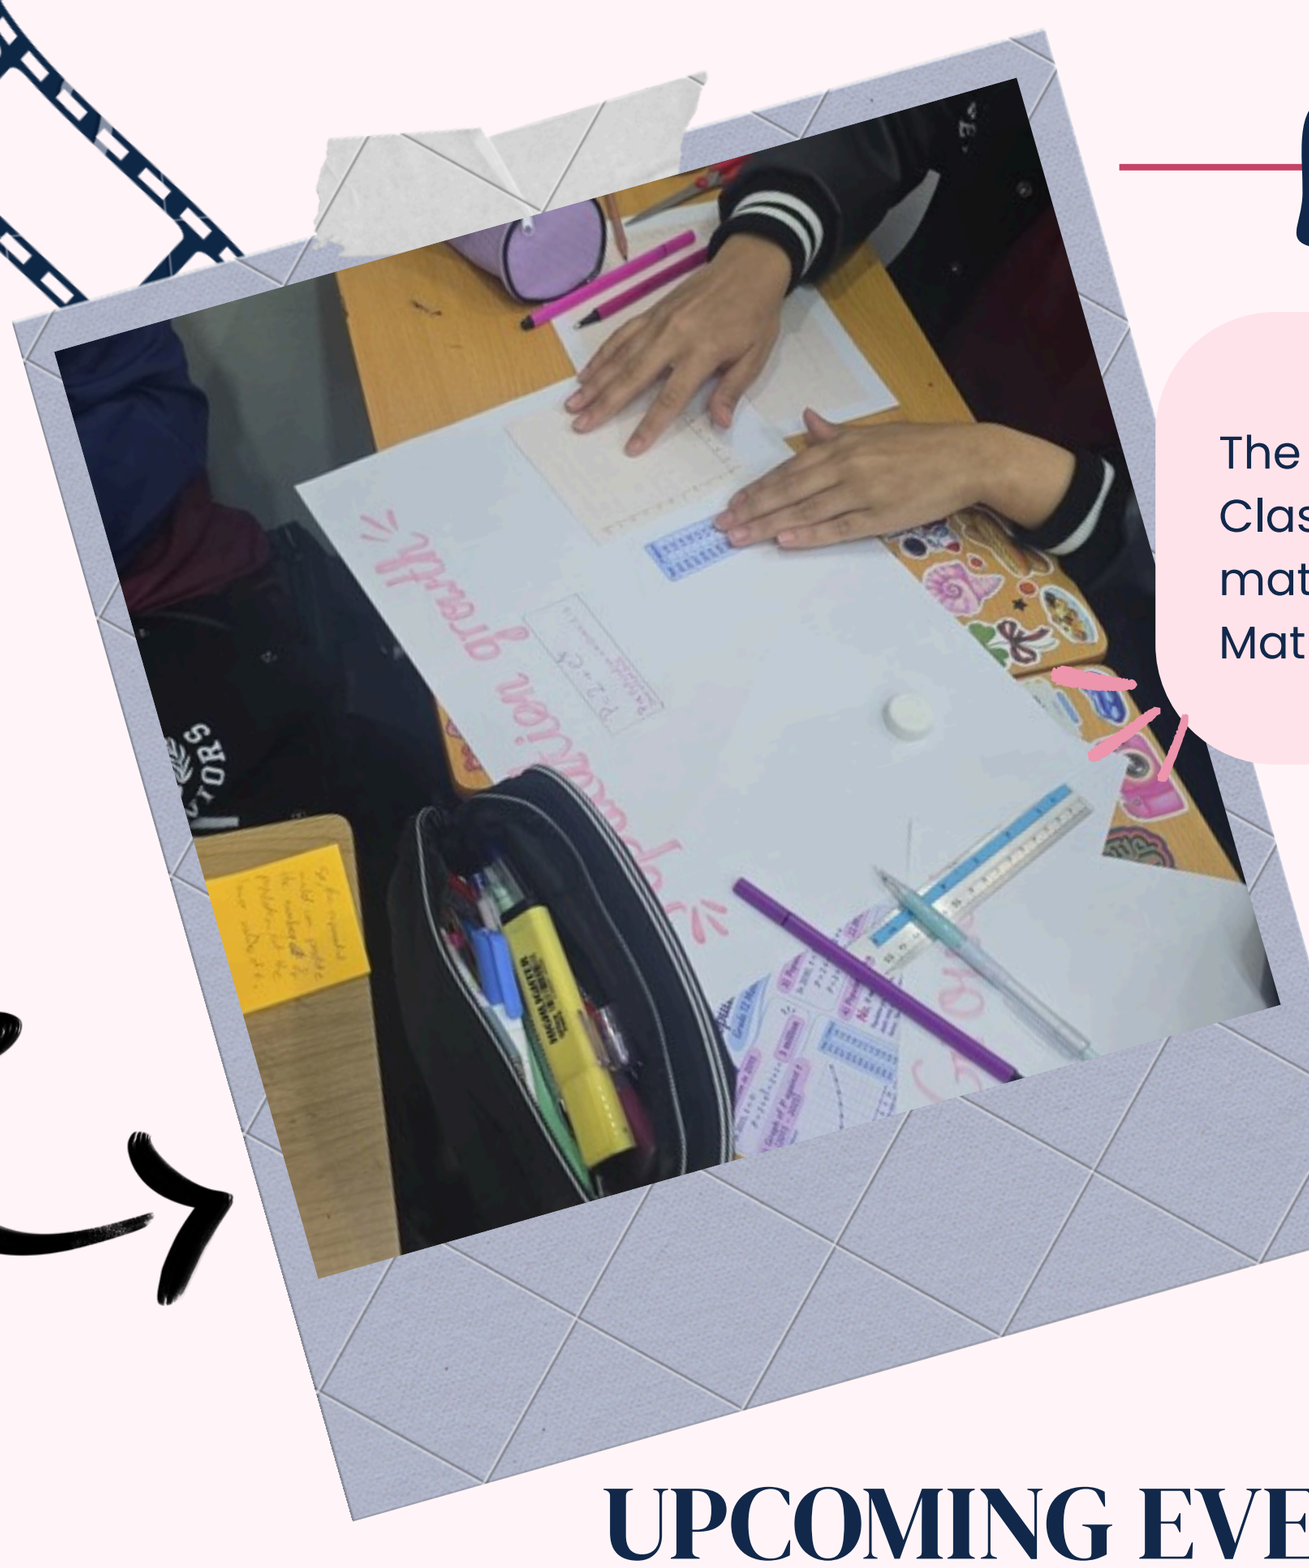
NVS WEEKLY news!



Math

The student Zainab Sayed from Class 12 C is carrying out the mathematics project "Advanced Mathematics in Action."

UPCOMING EVENTS

Next week Dr. Mahmood is inviting the parents of students to attend the morning assembly were students get to showcase their presentation skills infront of their parents.
A spelling bee will also be conducted and students from each grade will prepare to win the final round. Next week is an important week as most projects and Assignments will be due.
As students it’s our responsibility to stay on top of our tasks and make sure all our work has been completed accordingly. Note that marks for the midterms will most likely be sent and a parent teacher meeting is upcoming and parents would get to receive an overview of their child’s behaviour during the school hours.
May this week be easy on all NVS students. Always remember that you are capable of achieving anything you put your mind to!
