GRADE 5

WEEK 5

THIS WEEK AT NVS

English: The students of Grade 5 recently completed a comprehensive activity focused on the grammar topic of modal verbs. They demonstrated their understanding by creating structured charts that highlighted the functions of different helping verbs. The activity required them to think critically about sentence construction and apply the correct usage of these verbs in various contexts.

Mathematics: Students explored line symmetry by identifying symmetrical letters, investigating triangles, and finding symmetry in nature. Through engaging activities, they learned how a line of symmetry divides a shape into two equal halves.

Science: 🧠 *Breathe It to Believe It!

Our young scientists turned *breathing into a hands-on discovery!* 🧪 Using simple materials, students created their own *respiratory system models* and watched the lungs expand and shrink as the diaphragm moved. *Science truly came to life with every breath!* 🌬️ 🧠

Arabic: The activity was carried out using Role-Play and Student-as-a-Teacher strategies. Students performed a short scene highlighting the importance of education and its role in the progress of individuals and society. After the performance, one student took the role of a young teacher, helping to explain the lesson and engage classmates in discussion. The activity promoted active learning, self-confidence, communication, and collaboration skills.

STAR OF THE WEEK

English	★ Mohamed Hasan -5A ★ Layal -5B ★ Dana-5C
Mathematics	★ Mohammed Ahmed -5A ★ Fatim -5B ★ Dana -5C-
Science	★ Muntadher-5A ★ Abdulaziz -5B ★ Reem -5C
Arabic	★ Elyas Mahdi-5A ★ Zainab AbdulHusain -5B ★ Zahraa Abdulhadi-5C

	STUDENT ACHIEVEMENTS All Students successfully completed the Diagnostic Mathematics Examination, marking an important step in assessing and supporting their mathematical learning journey.
UPCOMING EVENTS & DATES ▪ First Mid-term Exams start on Monday 5th October 2026.	PARENT REMINDERS ▪ Assigned IXL skills and homework should be completed regularly to support learning.

Activity about line of Symmetry

Respiratory System in Action

Arabic Language Role Play

Activity about comprehensive

Approved by: Dr. Mahmoud Ezzat (School Principal)

Supervised by :Ms. Mariam Gulraiz (Vice Principal)

Prepared by: Ms. Simi(Math Teacher)
