A NEW WEEK AT NVS

PHYSICS

G12 Students rotate an object in physics class and observe how quickly it turns, helping them understand angular velocity as the rate of change in rotational position over time. Hands-on activities enhance learning by allowing students to explore concepts through direct observation and practice.

CHEMISTRY

Grade 12 students are working in groups on an activity based on the Entropy lesson from the textbook. The activity encourages students to discuss, analyze, and apply the concept of entropy through collaborative learning. Each group works together to answer the textbook-based questions and present their findings to the class.

MATH

Students in Class 12B are practicing solving mathematical skills questions from the national exams using manipulatives.

COMPUTER

Hassan Mohammad, Sayed Mohammad, Mohammad Hussain 12B are working on the robot using lego kit - The robot is being prepared for the national round of World Robotics Olympic WRO being held in Britus International School on 25th, 26th, 27th October

ARABIC

Grade 12 students actively participated in Reading Week activities with outstanding performance. All students showcased their creativity through reading and character presentations via the "I Read for You" segment and the "Famous Poet" segment. Additionally, several students contributed by presenting a PowerPoint presentation on the life and works of the renowned Arab writer, Taha Hussein.

ENGLISH

Sultan of Grade 12B actively participates in an English lesson on modifiers, using the interactive board to identify and correct misplaced modifiers

STAND WITH YOU

STARS OF THE WEEK

SCIENCE – ZAINAB HEJAIR 12B
ENGLISH – FATIMA
ABDULWADOOD 12A

ARABIC – GHADEER
12 B – ABDULLA 12C

MATH – ALL 12B
STUDENTS

UPCOMING DATES, EVENTS & ACHIEVEMENTS

The month of October is all about PINK. It is a time to raise awareness about breast cancer, show our support, and remind those affected that they are not alone.

There are many ways we can show our support. You can wear pink, donate to breast cancer organizations, or wear a pink ribbon as a symbol of hope and solidarity. Even a small gesture can help spread awareness and remind breast cancer patients and survivors that their community stands beside them.

This October, let's come together, wear pink, raise awareness, and show our support. To every person affected by breast cancer: you are not alone. We stand with you.
