## Importance of Reading

Reading is very important because it increases our knowledge and improves our vocabulary. It helps us develop good thinking and communication skills. Reading also keeps our minds active and improves our imagination. It is a good habit that helps us succeed in life.

### Student Recognition and Reward System

Over the month, In Science earned Golden Tickets for positive behavior, participation, academic progress, and task completion. Students who achieved 10 tickets received a reward for their consistent efforts.

## STUDENTS ACHIEVEMENTS

Students made good progress across all subjects this week.

### English:

Students successfully identified the **characters and setting** of a story through individual and group participation, while developing listening, communication, and comprehension skills.

### Mathematics:

Students successfully **calculated and compared time intervals** and applied their understanding of time to everyday situations.

### Science:

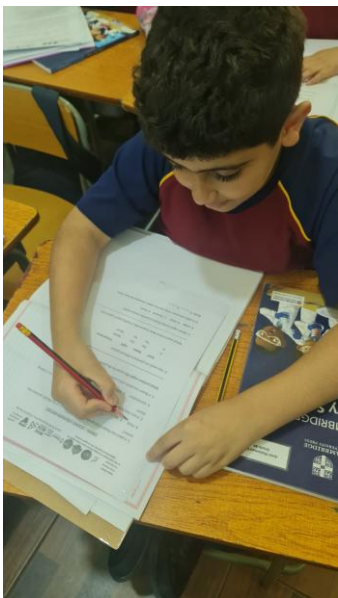

Students demonstrated an understanding that **sound is produced by vibrations** and identified vibrating objects as sources of sound.
