THIS WEEK AT NVS

Mathematics: Students explored descriptive vocabulary and how word choices can create different moods and atmospheres in a story. Using pictures for inspiration, they wrote setting paragraphs and considered how a setting can influence a character's feelings. Through discussion and writing activities, students developed their descriptive writing skills and learned to create vivid, engaging settings.

Science: Students explored the periodic table, learned the difference between atomic number and atomic mass, and studied the atomic structures of elements.

English: Students matched descriptive vocabulary and sensory phrases to different moods and settings. They explored how word choices can create an atmosphere—such as an eerie forest or a peaceful meadow—and how a story's setting can influence a character's feelings.

Arabic: By reading and analyzing the poem, students strengthened their understanding of literary devices and figures of speech while developing their critical-thinking and language skills.

STAR OF THE WEEK

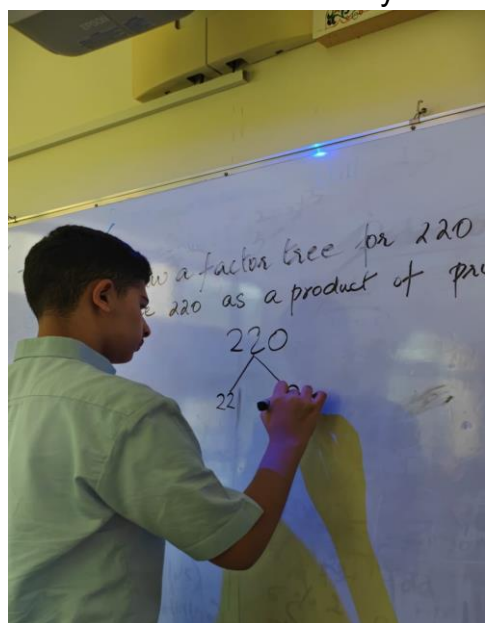

English	- Ruqaia Sayed 8A - Maryam Ali 8C
Mathematics	- Yas Mahmood 8A - Abdulla Yunes 8C
Science	- Mariya Ali Sabah 8A - Rayyan Abdulredha 8C
Arabic	Hassan Mohamed 8C

STUDENT ACHIEVEMENTS:

Students explored how descriptive words create mood and atmosphere, using them to describe settings and show how places can influence characters' feelings.

students revised Integers for their midterm, practicing prime factorization, HCF and LCM, and operations with positive and negative numbers to build accuracy and confidence.

UPCOMING EVENTS & IMPORTANT DATES

Continuation of the Mid-term Exams.

PARENT REMINDERS

- Support a calm revision routine.
- Encourage sufficient rest before exams.
- Remind students to check their exam timetable and required materials.

TEACHERS' DAY CELEBRATION

New Vision School marked Teachers' Day with heartfelt appreciation for the teachers who inspire and support students every day. Students shared their gratitude, celebrating the important role teachers play in helping them learn and grow.
